Once that licence has been issued, the previous licence becomes invalid and the Rider must compete in the category specified on their new licence. Riders are not permitted to return to their previous age category (see also Regulation 1.10).

1.5 Eligibility for age limits will be published annually by Cycling New Zealand Road & Track, along with the Licence classes available.

1.6 All Licences are issued by Cycling New Zealand after application online by the Member, Rider or Official.

In no case shall the fact that the rider or any other licence-holder has been able to take the start incur the liability of Cycling New Zealand as any verification of equipment that might have been conducted by the commissaires is limited to ensuring compliance of the overall external appearance of that equipment with purely sporting requirements.

5.2 Bicycles

**Process for Suspension**

1. The Commissaires Panel at an event will have the power to suspend a riders licence for race related incidents only.
2. This power is not available to an individual Commissaire. They must refer on to either the Commissaires Panel for the event, or where one doesn’t exist, to the Technical Panel.
3. Process Timeframe – maximum of 10 working days.
4. Maximum Suspension period – 14 days
5. Rider has the right to explain their actions to the Commissaires Panel as part of the process
6. Rider has the right to have their team manager or support person with them when being interviewed by the Panel
7. No appeal, the decision of the Commissaires Panel is final (as per UCI Regs)
8. The decision must be documented
9. The offences that can have a rider suspended are listed in the Guide for Sanctions
Appendix 2
